**RESPONSE TO OFFICE ACTION**

The Honorable Commissioner  
of Patents and Trademarks  
Washington, D.C. 20231

Dear Sir:

This paper responds to the Office Action dated July 9, 1999, Paper No. 3. Please enter the following:

**IN THE CLAIMS**

- a' 1. (Amended) A method of separating a sample containing blood cells into a cell containing portion and a substantially cell depleted portion comprising:
- receiving the sample in a vessel;
- providing an additive and particles, wherein the additive has substantial binding to the cells and the particles and wherein the particles have substantial binding to the cells and the additive.
- combining the sample, [an] the additive, and [a plurality of] the particles[, each of the additive, the particles, and the cells having a substantial binding to another of the additive, the particles and the cells] to produce a cell containing network; and
- separating the network from the substantially cell depleted portion by applying a force, wherein the force comprises [at least in part using] a magnetic force.
